#### ***Reminders About The Soul***

- The soul is; passions, desires, longings, intentions, emotions, feelings
- How emotions are the real cause of all thoughts, words and actions
- How emotion not completely experienced gets stored (frozen) in the soul
- Only emotions completely experienced are released from the soul
- Soul condition determines all future experiences through the Law of Attraction
- Soul condition changes when the soul releases "frozen" emotions, or when the soul experiences pure desire

#### ***Reasons For Human Suffering Related To Spirit Interaction***

##### ***The Primary Causes Of All Physical Pain, Accidents, Pain & Suffering are:***

- The suppression & denial of unexpressed & unreleased emotion (usually from childhood)
- The retention & expression of desires & passions disharmonious with Divine Laws
- The retention & expression of desires & passions disharmonious with Natural Love or Divine Love
- The retention & expression of emotions disharmonious with either Natural Love or Divine Love
- Each of these creates resulting disharmony in our soul, & therefore our spirit & material bodies

##### ***When We Use Our Free Will To Choose Either Of The Above Conditions We:***

- Attract events (through the Law of Attraction) that expose our own soul condition to us
- Attract people & spirits who also are in the same condition of pain to expose our own condition
- Since many spirits have deep emotional pain & Law of Compensation emotions, they project their pain
- Due to these attractions, much human suffering is encountered that could be avoided

#### ***Types of Human Suffering Related To Spirit Interaction***

##### ***General Comments***

- Each individual position with suffering is different & depends upon a multitude of various factors:
  - The unreleased childhood emotions within the person themselves
  - The unreleased emotions (causal & Law of Compensation) within the family & environment
  - The multi-generational causal & Law of Compensation emotions within the family tree
  - The degree of emotional suppression & denial within the individual, the family, & the environment
  - The types of spirits who are attracted to the soul condition of the individual & their environment
  - The condition of the spirits who are attracted
- Please remember the following comments are not generalizations, & do not apply to each individual case
- Since each individual case is different, it is wise to investigate fully what is happening

***Childhood Diseases & Disorders***

Most severe childhood diseases that cause infant mortality have some form of spirit interaction occurring. Many are the result of older generations within the family tree maintaining an energetic emotional relationship with the child who is getting sick, or from spirits who harmed the older generation connecting to the younger generation who have the same emotional injuries passed down.

E.g. Great grandparent passes with cancer (emotional cause) connects to grandchild & causes Leukaemia

E.g. A spirit attaches to a grandparent & causes diabetes which kills attaches to a child from same family

E.g. An angry spirit connects to a child with suppressed sadness triggering behavioural changes (ADHD)

E.g. Spirits with deep fear attempt to terrify a child through rage, nightmares & “appearances”

***So-called “Mental”, “Psychotic” Or “Emotional” Disturbances***

Almost all mental & emotional disturbances result from the mortal detuning from emotions that then allows spirits in different condition to connect to them to act out our unhealed & repressed emotions.

Medication often has little permanent effect due to a variety of spiritual & emotional factors.

E.g. Suicide - Spirit who died from suicide attaches to a depressed teenager & influences them to suicide

E.g. Schizophrenia - Spirits attach to mediumistic person & talk to them constantly

E.g. Manic Depression - Spirits attach to mediumistic person & push them to act out unhealed emotions

E.g. Depression – Spirits attach to person in denial of own anger & sadness & cause deeper depression

E.g. Psychosis – Spirits attach to a person having a traumatic experience similar to their own

E.g. Dissociative Identity Disorder – Mortal allows over cloaking of spirits in different conditions

***Seeming Genetic Illnesses & Disturbances***

Many illnesses or genetic disturbances are caused by spirits attempting to connect to children while they are in the womb in order to act out erroneous beliefs of reincarnation, which either causes genetic physical body replication issues or life-threatening infant physical growth distortions.

E.g. Child with sad parents who believe in reincarnation attracts a sad spirit attempting reincarnation to connect to the child and damages the physical growth of the heart of the child while the child is still in the womb. Child is born with life-threatening heart defects.

E.g. Parents with emotional denial attract a sensitive child who cannot feel its own emotions due to a bombardment of the parents unexpressed emotions. The child becomes desensitized to itself & its own identity & disconnects emotionally from its environment. Medical profession labels as Autistic.

***Adult Diseases***

Many adult onset diseases & illnesses are caused by the Law of Attraction between the mortal adult who is denying their emotional truth, & spirits who are in a very similar condition.

E.g. Heart disease – Person denying deep sadness about love attracts a spirit who died from heart disease

E.g. Cancer – Woman denying deep anger about nurturing attracts spirit who died from breast cancer

E.g. Cancer – Man with deep anger with his father attracts spirits who died from right side body cancers

E.g. Reproductive – Man with deep anger about women attracts male spirit who died from prostate cancer

***Adult Addictions***

Most adult addictions attract spirits who have also retained those addictions even though they have passed into the spirit world, thereby increasing the effect of the addiction to intense levels.

E.g. Sad man who drinks heavily attracts an “alcoholic” spirit who increases the man's desire for alcohol

E.g. Sad man needing sexual stimulus attracts spirits wanting sexual liaisons for their own sexual pleasure

E.g. Woman who has now released emotions about sexual abuse attracts male spirits who desire to abuse

E.g. Man angry with father attracts a group of spirits in a rage & acts more violently towards older men

E.g. Man addicted to marijuana attracts paranoid spirits who increase his paranoiac emotions

E.g. Woman wanting men to adore her attracts spirits who interfere with her during sexual activity

***Emotional & Physical Suffering***

Most adult emotional suffering is through the denial of deeper causal emotions, & this denial attracts spirits in deep emotional suffering which then increases the disturbing emotional experience of the mortal.

E.g. Adult denying causal emotional sadness attracts sad spirits, & then cries all the time without release

E.g. Adult wanting approval of mother attracts mothering spirits who desire to control the adult

E.g. Adult in pain about relationships attracts spirits who attempt to set up relationships for the mortal

E.g. Adult with unresolved sexual emotional injuries attracts spirits desiring sexual contact with anyone

E.g. Spirit who dies in a fire causes burning feelings on a mortal whom they are attracted to

***Fixed Unloving Beliefs***

When adults become fixed in their belief systems even in the face of overwhelming evidence pointing to a contrary belief system being more truthful, most of the time there is strong spirit influence  
 E.g. Beliefs of reincarnation (in the eastern traditions) being retained in the face of evidence contrary  
 E.g. Beliefs in prejudices (racial, sexual, ethnic etc) usually associated with angry spirit attached  
 E.g. Emotions of doubt of truth usually influenced by spirits with strong desire for mortal to stay in error  
 E.g. Staying in religious error usually the result of heavy spirit or family pressure to remain in religion

***Fixed Unloving Treatment Of Others***

When adults become fixed in their rage or anger, & continue in unloving treatment of others, & justify the unloving treatment of others, usually there is heavy spirit influence through unresolved emotions in soul  
 E.g. Being in a rage with children even though the parent knows such behaviour is unloving  
 E.g. Being in a rage with a partner even though the rage is really about the opposite sex parent  
 E.g. Being violent towards a partner or children, even though they have not given any offence  
 E.g. Being constantly suspicious of a person who has demonstrated their trustworthiness

***Types of Spirit Suffering Related To The Mortal Connection******Spirits "Suffer" Emotionally & Physically From Connections With Humans In Many Different Ways***

They become locked in their emotional addictions by connecting with humans willing to support them  
 They get projections from the earth that are unjust & painful emotionally  
 They get emotional & physical attacks from other spirits connected to mortals  
 They feel afraid & scared of learning new Truths that could free them & help them become happy  
 They are often in confusion regarding their attractions to people on earth that they dislike intensely  
 They are often confused in their belief systems due to not understanding their environment  
 They often feel confused about their location & identity, since they themselves were overcloaked on earth  
 They feel their emotional pain as physical pain that they don't understand because of earth belief systems  
 They attempt to continue to act in harmony with unhealed & unloving religious/systemic belief systems

***Locked in emotional experiences & addictions causing long term stagnation of progression***

Since humans often support the emotional addictions of spirits, spirits do not get confronted with their true emotional condition for many years, & travel from mortal person to person for emotional satisfaction  
 This causes the spirit to remain in their current soul condition for many years or centuries when they could progress rapidly into bliss  
 E.g. An alcoholic spirit connects to drinkers on earth rather than connecting to his own deep grief  
 E.g. Sexual deviant connects to persons morally deficient on earth & never deals with his own sexual pain  
 E.g. Mothering spirit connects to person on earth unwilling to grieve their lack of love from their mother  
 E.g. Male spirit connects to woman on earth who feels sexually undesirable & wants men to desire her

***Projections from the earth to the spirit person***

People who are well known or famous often have unhealed emotions from masses of people projected on them which heightens their own lack of comfort in the spirit world  
 Family members in deep grief often "hold" a person who has passed in their grief, & the spirit person has major difficulty progressing or moving away from the earth bound influences  
 E.g. Famous people are often misjudged, & have hurtful emotions directed at them that they feel as pain  
 E.g. Children who die have parents in deep grief projecting at them holding them bound to earth  
 E.g. Beloved partners are held to the earth in the grief that has stricken their surviving partner  
 E.g. People often find the truth about their personal situations when they pass is vastly different to what they imagined when they lived on earth, & are deeply affected by the false condition of most people

***Emotional & physical spirit attacks from other spirits connected with the mortal***

The emotions of a person on earth attracts spirits of opposing & supporting emotional conditions, & these spirits often act out their injuries through their connection with the person on earth. If the person on earth dealt with their unhealed emotion, this could not happen!  
 E.g. A raped spirit getting attacked by a rapist in the spirit world both connected to a woman on earth who has been abused or raped herself, but who has not yet released the deep emotional pain of the event

***Inability or afraid to learn or discover new "Truths"***

*Confusion of attraction to earth*

*Confusion of belief systems*

*Confusion of location, identity & events*

### *How to Remove The Spirit Attachment*

*The only two methods that permanently work:*

1. Person on earth releases the soul reason for the attraction (a permanent fix for the person on earth)
  2. Person in the spirit world releases the soul reason for the attraction (a permanent fix for the spirit)
- ALL other methods** are temporary in nature, and have no permanent benefit
